About Me

I'm Oshadha Thinura, a Software Engineering undergraduate at SLIIT with a passion for AI, Data Science, and IoT. With experience in automation projects and Microsoft certifications in AI and Azure, I aim to develop intelligent, data-driven solutions that foster innovation.

Technical Skills

- Programming: Python, Java, C++, HTML, CSS, R, Arduino
- Data Science: Pandas, NumPy, Matplotlib, Jupyter, SQL
- Machine Learning: Scikit-learn, TensorFlow, Regression & Classification models
- Tools: Power BI, Excel, GitHub, Arduino, VS Code, IntelliJ IDEA, PyCharm
- Concepts: Data Preprocessing, AI Fundamentals, IoT, Automation Systems

Education

Bachelor of Engineering (B.E.) in Computer Software Engineering

Sri Lanka Institute of Information Technology (SLIIT) Oct 2024 – Nov 2028

Pursuing a degree in Computer Software Engineering at SLIIT, developing strong skills in programming (Python, Java, R), data structures, algorithms, databases, software development, and system design, with practical experience in coding, debugging, and software project implementation.

Projects & Research

IoT Lecture at SLIIT – Arduino & Embedded Systems

Delivered a lecture on IoT and Embedded Systems with

Dr. Kamalanath Samarakoon, Dr. Sameera Ekanayake Sri Lanka Association for the Advancement of Science (SLAAS), and **Lecturer Chathuni Thilakarathne**.

- Sinhala character recognize using KNN (AI/ML model)
- Fake news detection system (AI/ML model)
- Bookstore management System (Website)
- wedding Planning & Vendor Booking System (Website)
- Automated Greenhouse & Water Tank System

Built a fully automated system using sensors and microcontrollers to control environmental and water conditions.

Enhanced team's programming and system design capabilities in real-world IoT applications

Certifications & Achievements

Microsoft Learn AI Series:

- Transform your Business with Microsoft AI
- Create Business Value from AI
- Microsoft Azure AI Fundamentals: AI Overview
- Microsoft Azure Fundamentals: Describe Cloud Concepts

Trailblazers 2024:

AIESEC, University of Peradeniya

Recognition for active participation and professional development.

Leadership & Activities

- Volunteer Speaker – IoT Workshop (SLIIT)
- Participant – Trailblazers 24 by AIESEC
- member – IEEE Student Branch of SLIIT
- member – student interactive society SLIIT
- member – IOT society SLIIT
- member – MRT unit (University of UW)
